

Drive joins upcoming MWA Intelligence, Inc. Hybrid Dealer Summit

For immediate release.

Atlanta, GA, USA – July 20, 2010

Drive, LLC, an award-winning developer of document imaging, management, and workflow applications, has been invited by MWA Intelligence, Inc. (MWAI) to participate in the Hybrid Dealer Summit scheduled for August 18-19 in Scottsdale, Arizona. On the first day of the summit, Drive CEO Michael Greco will present the possibilities of collaboration between Drive and MWAI. "We have a great concept and great products already in place to leverage obvious synergies between Drive and MWAI," says Mr. Greco. "We are honored to be a part of such an exciting event."

The summit will include speakers from every major sector of MWAI-related technology and service. Drive will be presenting alongside Intel, RIM, Objectif Lune, and other industry-leading organizations.

About MWA Intelligence, Inc.

MWA Intelligence, Inc. (MWAI) provides cutting-edge M2M (machine-to-machine) and M2P (machine-to-people) solutions and tools that support the exchange of real-time information. MWAI combines OEM relationships, technological innovation, and years of industry experience to meet and exceed all MPS (Managed Print Services) needs. MWAI manages and monitors locally and network connected imaging devices, automates meters directly to ERP, and bridges communication from machine to service technician – encouraging dealerships to embrace the Hybrid dealer concept. Solutions include: Intelligent Workforce (mobile field service management), Intelligent Service (dispatch automation, ERP/CRM integration), and Intelligent Assets (automated meter reading, remote asset diagnostics and management), and more.
